### DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 08 March 2004 has been entered.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1, 5-6, and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation of "adapted to open and close the...second port" in claim 1, line 7 is inaccurate. The first land 48' of Figure 3 opens and closes the "first port" 28, not the "second port" 34. Therefore, in claim 1, line 7, "and second port" should be cancelled.

4. Claims 1, 5-6, and 17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. Claims 7, 9, and 18 are objected to because of the following informalities: In claim 7, line 11, "a" should be inserted before "reservoir". Note that "a" was not cancelled in this line in the amendment filed September 11, 2003. Appropriate correction is required. Claims 7, 9, and 18 will be allowed if this correction is made.
